# 2019 POD EXERCISE

THURSDAY

2/21/2019

9AM – 1100AM

@ Butler Tech Safety Education Complex, Liberty Township

**Join the Butler County General Health District Point of Dispensing (POD) exercise to learn about PODs and help Public Health test their emergency preparedness plans!** In a real emergency, PODs can save lives by getting needed medication and supplies to our community quickly and efficiently.

Volunteers can expect to:

- Learn about public health emergency preparedness plans
- Venture through the POD and get a simulated vaccination as if it were a real event
- Act out an assigned character role (cue the fake tears!)
- Get a signed letter confirming volunteer hours
- Receive swag as a thank you!

**If you're interested in volunteering for the exercise, please register using this link:**
