

Reporting a Communicable Disease to the Butler County Health District:

Under the Ohio Administrative Code (OAC), 3701-3-02 & 3701-3-03, physicians, hospitals, infection control professionals, laboratorians, and individuals are mandated to report diseases of public health concern (communicable diseases) to the local health department where the case resides.

Butler County Health District Disease Reporting

- Main Phone: (513) 863-1770
- Nursing Fax: (513) 863-4391

Why Report?

- To prevent the spread of communicable disease
- To intervene and control the spread of disease
- To protect the health of the public
- To determine the level of illness in the community
- To evaluate risk of disease transmissions
- To facilitate surveillance, prevention, and outbreak control
